

Enrichment Program - Fall Session

*****FOR CHILDREN IN OUR 3 AND 4 YEAR OLD CLASSES ONLY*****

We are excited to be able to offer several weeks of enrichment classes this fall to be held at our school on Mondays through Thursdays from 12:30 to 2:00 pm. These classes are an optional addition to our nursery school program designed to introduce our children to many new and different activities. Instructors will be teachers from our program as well from outside of our school. Your child's participation is optional, but we encourage you to have him/her participate in at least one class as we plan to have lots of fun!

The fall session enrichment classes include:

MONDAY – WHAT'S JEWISH ABOUT ART?

Every week children will learn about a new famous Jewish artist. Different media will be explored to help children create their own works of art. To set the mood and provide inspiration we will either read a story or listen to different types of Jewish music from all over the world. By the end of the session the children will have created a diverse portfolio. The art gallery will be open to the public and all of the masterpieces will be shown to the families. The exhibit promises to be an amazing and exciting event for the whole family.

Classes will meet September 15, 22, October 6, 13, 20, 27, November 10, 17, 24.

Note: There will be no enrichment class on Monday, November 3.

TUESDAY - SUPER SCIENCE

This class will demonstrate to children how science affects them each day. We will explore the world around us through many fun and interesting experiments. Your child will learn about solutions, mixtures, and reactions through a hands-on approach to science!

Classes will meet September 16, 23, October 7, October 28, November 4, 11, 18, 25.

WEDNESDAY - HEBREW AND KARATE

Children will receive 45 minutes of Hebrew and 45 minutes of Karate instruction each week.

- Hebrew – Exposure to a new language at an early age will make it easier to learn, so why not expose your child to Hebrew through this innovative enrichment program. Children will learn everyday Hebrew vocabulary through games and activities and receive early exposure to Hebrew letters and their sounds. By the end of the class, you may find that they are starting to speak Hebrew at home! *Children will be divided into two groups, one for those who were enrolled last school year and one for new students.*
- Karate -- Taught by an amazing black belt karate instructor, children will learn basic karate instruction. The activities will be geared toward increasing their concentration and attention span as well as improving their motor skills.

Classes will meet September 17, 24, October 29, November 5, 12, 19.

THURSDAY– CAFÉ KEF

Café Kef – Café Kef is back again! By popular demand, we are offering this wonderful cooking class created by our very own in-house chef! Kef is a Hebrew slang word for fun and that is just what our children will have! The children will create healthy Jewish and International dishes, and every recipe made will be assembled into your child's first cookbook. Students will learn kitchen safety, measuring, textures, consistencies and much much more while we make and bake delicious foods together.

Classes will meet September 18, 25, October 2, 16, 23, 30, November 6, 13, 20.
